

ARTHUR HENRY
43469 West Caven Drive, Maricopa, AZ. 85138
BACK END DEVELOPER

Dear Hiring Manager,

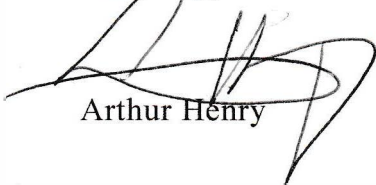

I'm a passionate and creative developer with a wide range of software skills. I have a proficient understanding of software tools such as Git / Mercurial / SVN. I am well positioned to leverage my abilities and qualifications to thrive as a Back End Developer.

I have over 2 years' experience, as a Back End Developer. I've designed, developed, and launched customized, highly responsive websites and e-commerce solutions using advanced technologies. I have consistently met client expectations and project milestones while working effectively in deadline-driven environments. Please consider my synopses being highlighted:

- Developed front-end single webpages using jQuery, ECMAScript 6, HTML5, and CSS3/Bootstrap
- Developed and Implemented project scope and timelines based on the design-develop-deploy process
- Created user-centric e-commerce sites for small business owners using various web technologies including Shopify and Woo Commerce

It would be a pleasure to learn more about your company needs. I would welcome the chance to provide further insight into my technical abilities and personal attributes. Thank you for considering my candidacy. I hope to hear from you soon to schedule an interview.

Sincerely,

Arthur Henry
